

I-Spy Charlton

You will need: mobile phone, pen, paper to jot down the answers.

Why not have some fun on a walk round Charlton. Try and spot as many as you can of the Charlton signs listed below. 20 spotted is good. 30 is brilliant.

You will find them on shops, signposts, notice boards and other places open to public view. Please note that the images are not to scale, so some may appear larger or smaller than you expect. You may also find some of them more than once.

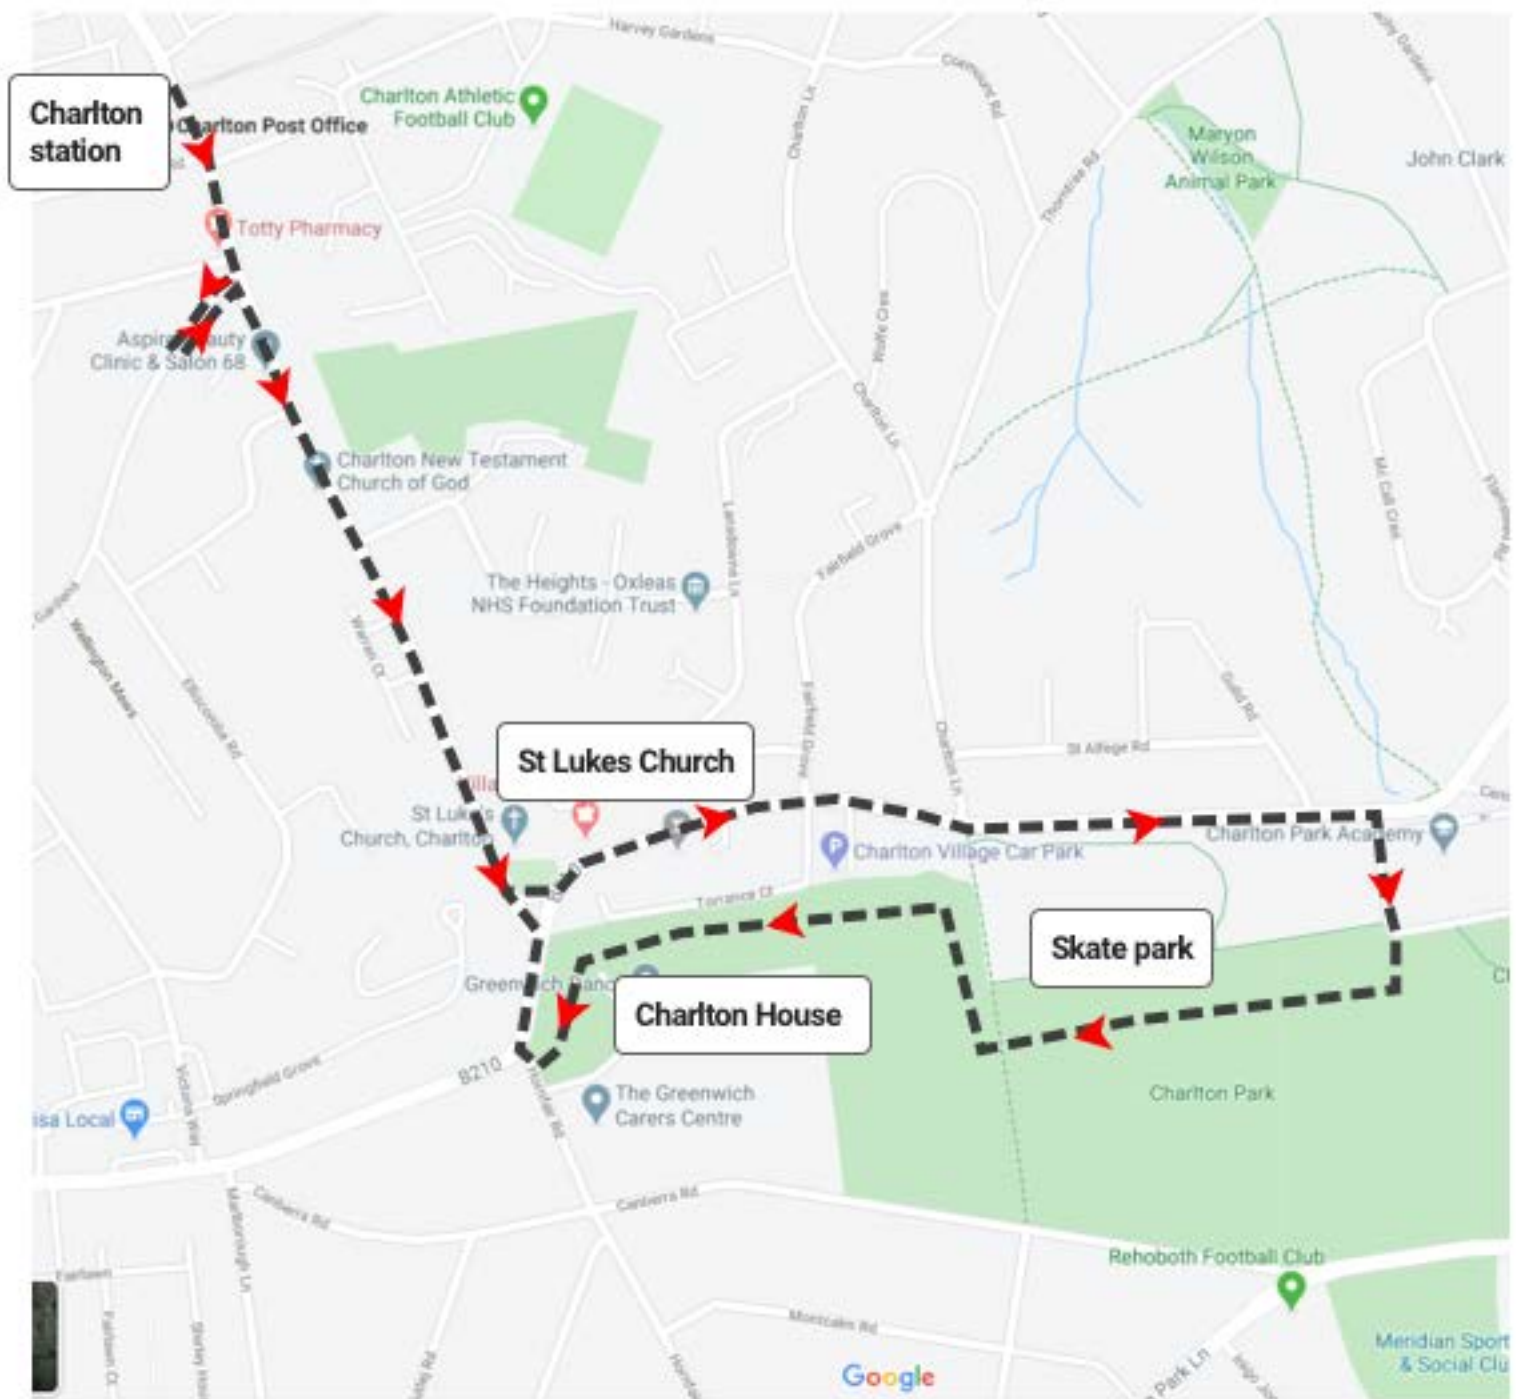

You can find them all by following the route below. The images are in the approximate order in which you will pass them, bearing in mind that you will pass some of them more than once.

1. Start at Charlton station.
2. Walk up Charlton Church Lane (CCL).
3. As you reach Wellington Gdns take a slight detour for about 10 metres then back onto CCL heading towards St Luke's Church at the top.
4. Turn left into Charlton village. Carry on along Charlton Road.
5. Turn right just before Charlton Park Academy School into Charlton Park car park.
6. Walk through the car park, then turn right heading towards the Skate Park.
7. Turn right past the Skate Park and then left past the Cottage Café, heading for Charlton House.
8. Turn left round the front of Charlton House and walk out of the grounds along the main driveway, between the gateposts and onto Hornfair Road.
9. Turn right and head back towards the war memorial, then down Charlton Church Lane and back to the station.

Good luck, everyone!
